

April 2019

Dear Parent/Carer

## Year 11 Easter Revision

We would like to invite all Year 11 students to attend our Easter Revision programme in April. It has been developed to increase the chances of each student achieving success in their final exams before they embark on further education. We have organised this programme for many years and we know students have appreciated the extra intensive support it gives; to enable students who would benefit from further help to reach or exceed their target grade.

Students will need to let their teachers know they wish to attend particular revisions sessions and in some instances students may be invited by their teachers to attend.

Further details about the exam period this summer will be sent home following the Easter break.

Please do not hesitate to contact the appropriate House office on 01234 290200 if you have any questions relating to the Easter Revision programme or exams this summer.

Yours sincerely

Miss M Bradley  
Head of Blake House
